## Ink Well

**g**ranted, your pen may not get the workout these days that it used to, but that's no excuse to mistreat it. Enter the curvy, almost aerodynamic Goldenweave pen tray from Weisbeck Design, handcrafted from solid 14-karat gold, laid across a black ebony wood base that has full-grain upholstery leather underneath so it doesn't scratch the desktop. *\$2,600 (price subject to change). Allow six to eight weeks for delivery, as each tray is made to order.* [www.artaccessoriesbyweisbeck.com](http://www.artaccessoriesbyweisbeck.com).

## CARPET KARMA

NOT ONLY DOES DAN GOLDEN MAKE HIS GRAPHIC SHOWSTOPPER RUGS OUT OF WOOL (HAND-TUFTED, FROM NEW ZEALAND), but with each purchase he sponsors a fully clad sheep, via Oxfam, for a farmer in a developing country.
